

# JUGO PREMIER TELLS OF UNITY

Dr. Vesnitch Makes Statement to Reporters on New Government's Aims.

Belgrade, May 20.—Dr. W. R. Vesnitch, the head of the new Jugoslav government, today received the Belgrade representative of the Jugo-Slav newspapers and made the following declaration:

"I need not say that before the new cabinet has made its appearance before parliament I cannot make any official declaration in the name of the government. But I may state that I am glad to have succeeded in my task, thanks to the good will of both the governmental party and the opposition. The carrying out of the great national work which awaits us does not call for any serious sacrifice of principles by any party.

"For the first great step in our labors, the preparation of the new constitution, we have already complete support of the throne, and I do not doubt that we will have the entire confidence of the parliament. I am also convinced that the general public, of all shades of opinion, will not refuse us its sincere collaboration.

"The new government is in no way the adversary of the preceding ones, but will continue and achieve the useful works they began. The first care will be to create a feeling of mutual confidence among its colleagues of the parliament, and also to create a similar feeling among the nation at large. You may rest assured that the welfare of our people is superior to all questions of personal interest or of party."

## St. John's Will Solicit Among K. of C. Members

Sunday will be "Knights of Columbus Day" in Washington.

This day has been set aside to give impetus to the nation-wide educational program. Each of the 5,000 members of the order will be visited by a representative of St. John's College and asked to make a contribution to the \$150,000 building fund.

Students, assisted by several hundred girls and members of the Ladies' Auxiliary, will do the canvassing.

## CUTICURA HEALS ITCHING BURNING

Eczema On Face and Neck. Ashamed To Go Out. Could Not Rest.

"My face and neck became very much inflamed and later little sores eruptions came which caused my face to be disfigured. I was ashamed to go anywhere and the itching and burning were so severe that I could not rest. I was told I had a bad case of eczema.

"A friend told me to try Cuticura Soap and Ointment. In three days I could see a difference and within ten days to two weeks, I was healed."

## TAXI MEN ASK HIGHER RATES

File Request to Boost Trunk Hauling Charges to Sixty Cents.

Continuation of the present rates for taxicab transportation and an increase from 20 cents to 60 cents for the hauling of trunks was asked by the Terminal Taxicab Company yesterday, in a letter to the Public Utilities Commission. A hearing will be given June 10.

A ruling of the commission, December 24 last, granted the company a change in meter rates to continue until June 30 of this year. The petitioners ask that the present rates be allowed to go on after the date of expiration set by the commission.

The company's letter declares that the present rate for carrying trunks is too low in comparison with the charges made by transfer companies, which range from 50 cents to \$1.25. It is pointed out that 80 per cent of the trunks are delivered to suburbs of Washington.

Increases of 6 cents a gallon in the cost of gasoline, 30 per cent in tires and 25 per cent in lubricating oils since January 1 are cited as reasons for granting the company's demands.

## NEW DICTIONARY HAS OVER 400,000 WORDS

"The English vocabulary has grown to great size," says Prof. Clark S. Northrup, of Cornell University, one of the contributors to The New Universities Dictionary now being distributed by this paper exclusively to its readers; "the number of words found in Old English literature does not exceed 20,000; recent dictionaries have listed more than 400,000, mostly of foreign origin. Yet most writers use mainly English words."

"Shakespeare used 30 per cent of English words; the English Bible contains 94 per cent; Milton 51 per cent; Addison 82 per cent; Tennyson 85 per cent. Most of our shortest and simplest words are of native origin."

Floods of coupons continue pouring in for The New Universities Dictionary. The distributing clerks are kept busy. The publishers have been ordered to keep a big supply bound and ready for emergency use. It looks as though the raid on the supply would soon make a replenishment necessary. Such a rush was not expected, but this paper is greatly pleased to see readers taking such enthusiastic advantage of its educational offer.

## Falls From Steamer, Drowns.

Norfolk, Va., May 20.—John Phillips, 26 years old, a seaman, was drowned yesterday afternoon when he fell overboard while working on the steamship Lake Caspar, lying off Sewell's Point. The water was very rough for two hours but the body was not recovered.
